Power	Capacity	Speed	Seats
10.3 kW Subaru EFI gas [1]	362.9 kg	27.4 km/h	2
9.6 kW peak 48-volt electric		30.6 km/h	

Enjoy full-size performance with entry-level pricing. A great choice for security, parking and lighter duties. Fits in the back of a pick

Power	Capacity	Speed	Seats
10.3 kW Subaru EFI gas [1]	362.8 kg	24-27 km/h	2
9.6 kW peak 48-volt electric			

Perfect for light duty tasks the Carryall 100 delivers a more durable body, versatile bed and increased features.

Power	Capacity	Speed	Seats
10.3 kW Subaru EFI gas [1]	544.3 kg	24-27 km/h	2
14.9 kW peak 48-volt electric			

This best seller delivers the right combination of speed and power for just about any job. Standard four wheel-brakes for better towing, more payload.

55

DARRYALL

Tough enough to trounce rough terrain, yet nimble enough to tread lightly on manicured turf. Cockpit-style interior makes for

408.2 kg

24-27 km/h

1500

CARRYALL

PORTER

A nearly 171.7cm long bed makes transporting cargo easy and efficient, yet independent suspension and rack-and-pinion steering deliver a smooth ride

2-Wheel Drive *

CARRYALL

1500

CARRYALL

TRANSPORTER

Delivers the power, and strength of a 4-wheel drive vehicle with even higher payload capacity. Features 4-wheel disc rakes and tows up to 680.3 kg [4]

Speed Seats Kubota® 15.0 kW diesel [3] 658 kg 40.2 km/h

Features our foolproof IntelliTrak™ fully automatic four-wheel drive system as well as our semi-independent four-link suspension system for a smooth ride, even when fully loaded.

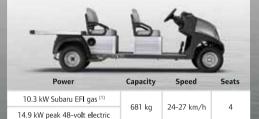

With four forward-facing seats, this vehicle carries two crews and

725.8 ka

Kubota® 15.0 kW diesel [3]

their gear, even over rough terrain.

4 Passenger

An aluminum frame makes this vehicle rugged enough for industrial sites, yet its independent suspension and rack-andpinion steering make it refined enough for special events.

6 Passenger

681 ka

By blending durability with comfort and room for six, this vehicle is perfect for giving tours and transporting crews or guests around everything from airports to zoos.

14.9 kW peak 48-volt electric

Add value with **Custom Solutions.**

Need a vehicle for a specific purpose? Let our Custom Solutions Department solve your problem. We'll design a vehicle for your application, have it reviewed for safety and regulatory issues and prepare a quotation for your consideration. Customized vehicles carry the same warranty as other Club Car vehicles. Contact your dealer for a free quotation.

40.2 km/h

Kawasaki® 7.65 kW gas [2] 19-24 km/h 9.6 kW peak 48-volt electric

Four ergonomically designed seats bring comfortable, upscale transportation to campuses, car dealerships, apartment complexes and many other applications.

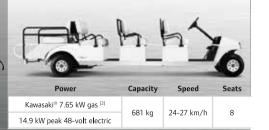

6 Passenger

Comfortably carries six, thanks to a fixed rear seat. Flexible passenger and cargo configurations and a wide range of options make it great for many applications.

8 Passenger

24-27 km/h

Transports eight in limo-like style. Perfect for high-volume applications like resorts and convention centers. Accommodates a range of commercial accessories for a variety of applications.
